## Block Construction

1. Right sides together, place a 3 7/8" Fabric F square on top of a 3 7/8" Fabric G square. Draw a line across the diagonal of the top square. Sew 1/4" away from each side of the drawn diagonal line. (figure 1) Cut the two squares apart on the drawn diagonal line to make two GF units. (figures 2

and 3) Trim the GF units to measure 3 1/2" square. Repeat to make a total of 120 GF units.

2. Sew one Fabric D triangle, one Fabric E triangle and one Fabric C triangle together to make one DEC unit. (figure 4) Repeat to make a total of sixty DEC units.

3. Right sides together, place a 2" Fabric B square on the bottom-right corner of a DEC square. Sew across the diagonal of the smaller square from the upper right corner to the lower left corner. (figure 5) Flip open the triangle formed and press. (figure 6) Trim away the excess fabric behind the triangle 1/4" from the sewn seam to make one Left D unit. Repeat to make a total of sixty Left D units.

### Quilt Top Assembly

Refer to the quilt photo for block placement.

14. Alternately sew three of Block One and two of Block Two together to make Row One. Repeat to make Rows Three and Five.

15. Alternately sew three of Block Two and two of Block One together to make Row Two. Repeat to make Rows Four and Six.

16. Sew the six rows together in numerical order to make the quilt top.

17. Center one 6½" x 90" Fabric H strip on one side of the quilt top and pin in place. Start sewing the strip 1/4" from the top edge of the quilt top and stop 1/4" from the bottom edge. DO NOT TRIM THE EXCESS. Repeat on the opposite side of the quilt.

18. Repeat step 17 to sew one 6½" x 80" Fabric H strip to the top and the other to the bottom of the quilt top, making sure to stop and start 1/4" away from each end of the quilt top.

19. To miter the borders, fold one corner of the quilt on a 45° angle so that the border strips are directly on top of one another and the seams nest together. Place your rotary ruler on the fold of the quilt so that the long edge is against the fold and the 45° line is on the side seam. Draw a line from the corner of the quilt top to the outside edge of the border. Pin the borders together. Position your needle on the inside corner where the border meets the quilt. Stitch directly on the line you have drawn to the outside edge of the border.

20. Trim the excess fabric leaving a 1/4" seam allowance. Press. Repeat the process for the remaining three corners of the quilt. (figure 20)

### Finishing

21. Layer the quilt top, batting and backing and quilt as desired.

22. Stitch the binding strips together end to end using diagonal seams. Fold and press the resulting long strip in half lengthwise with wrong sides together. Stitch to the quilt front, matching raw edges and mitering the corners.

23. Fold the binding to the quilt underside and hand-stitch the folded edge to the quilt back.
