Construction Use $\frac{1}{4}$ " seams. Press in the direction of the arrows in the diagrams.

1 On your design wall or on the floor, away from curious children and pets, arrange 9 rows of 7 light blocks each (Row A), alternated with 8 rows of 6 dark blocks (Row B). Leave 5" space between the blocks for placing star point blocks.

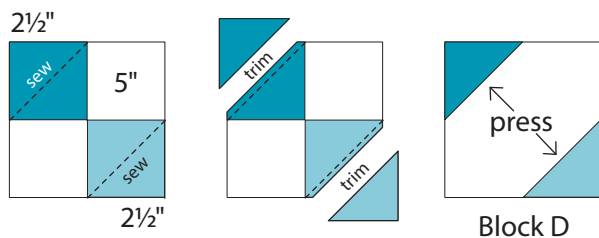

2 Draw a diagonal line from corner to corner on the wrong side of the $2\frac{1}{2}$ " dark squares. Fill the spaces on your design wall or floor with the 5" background squares. These will become Blocks C and D.

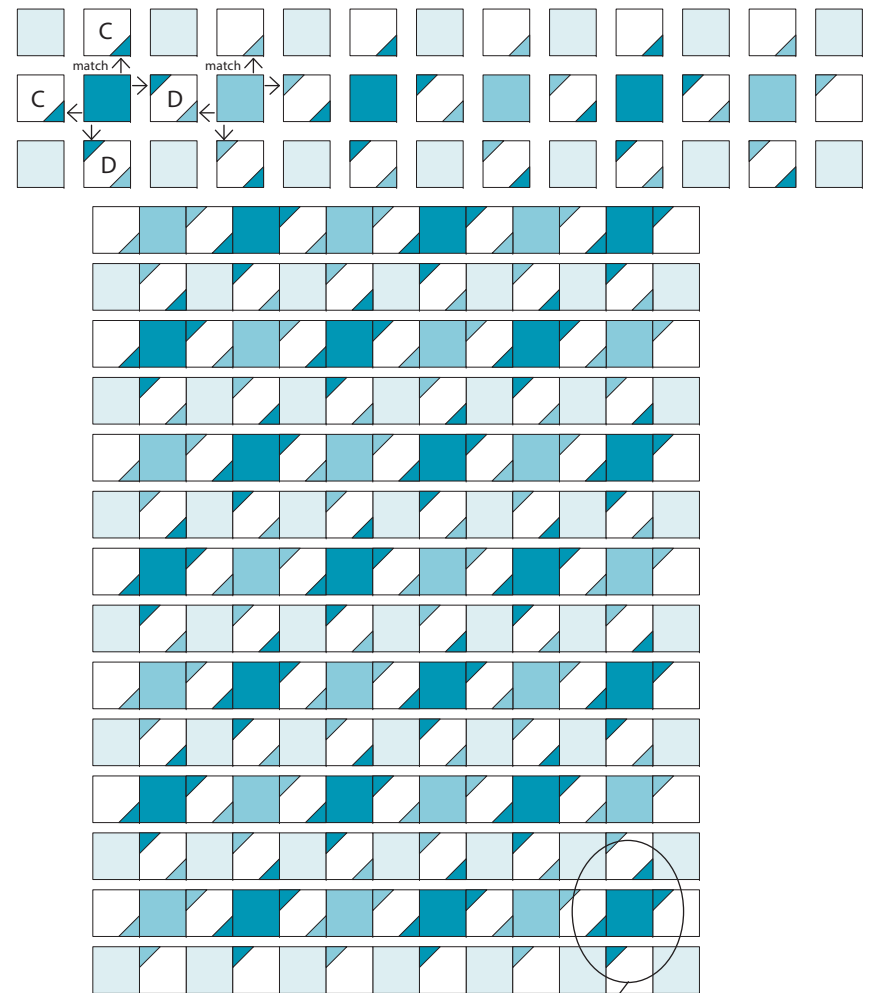

(A) Block C: Select the $2\frac{1}{2}$ " dark square that matches the adjacent 5" dark square. Layer the marked square and a 5" background square right sides together as shown. Sew on the diagonal line, trim, and press to form the triangle.

(B) Block D: Select the $2\frac{1}{2}$ " dark squares that match the 5" adjacent dark squares. Layer the marked squares and a 5" background square right sides together as shown. Sew on the diagonal line. Sew on the diagonal line, trim, and press to form triangles.

(C) Fill the spaces with either C or D blocks as shown. Press toward the unpieced squares in each row. Join the blocks in the rows.

(D) The dark blocks and star point C or D blocks will form stars.
