CUSHION BACK

1 x 13³/₄" x 18¹/₂"

1. Make a double fold to wrong side along one long edge on each backing rectangle and stitch in place
2. Place cushion front right side up on work surface. Lay one backing rectangle right side down on top, aligning raw edges at bottom edge and sides. Add second backing rectangle on top right side down and aligning raw edges at top edge and sides. Pin in place. Folded edges should overlap by several inches at centre
3. Stitch around all four edges. Add line of zigzag stitches within seam allowance on all four edges for additional strength
4. Turn right side out and insert an 18" cushion pad
