## Requirements

- 1 yard flannel for the front of blanket
- 1 yard flannel for the back of blanket
- Thread that matches both flannels
- Thread that contrasts with the front flannel

## Flannel Baby Blanket

**Finishes 36" x 36"**

1. Cut both flannels 36" square. You can cut rounded corners if you like, by tracing around the edge of a small plate. Prewash the flannels and dry on high heat to preshrink them. Iron.

2. Layer fabrics RST (right sides together) and pin. Sew  $\frac{1}{4}$ " from the edge all the way around, leaving a 6"-8" opening for turning.

3. Clip the corners at a diagonal. Turn right side out and gently poke out the corners so they are square. Press.
4. Press under the raw edges at the opening. Pin. With thread that matches the top, sew all the way around,  $\frac{1}{4}$ " from the edge. This will close the opening and stabilize the edge.

5. Top stitch all the way around, approximately 2-1/2" from the edge. This will create a nice border and further stabilize the edge. To add more interest, use a zig-zag or a decorative stitch and contrasting thread. Press and enjoy!
