Diamond Border Piecing

1. Make border units using following method:
 1. !!!!!Keep top units and bottom units separate from side units. They are not the same size and you don't need to go crazy!
 2. Using sub cut segments of green and yellow, place 2½" squares on ends of each of the yellow and green pieces making sure the color placement is as shown.

3. Mark diagonal line as shown from corner to corner and stitch on line.

4. Trim off corners and press toward grey fabric.

- Sew green and yellow pieces together with $\frac{1}{4}$ " seam, making sure the grey triangles are pointing toward the center seam of the block.

- Press seam open.

You will have :

- 12 – units @ $7\frac{7}{8}$ " X $4\frac{1}{2}$ " for the sides.
- 8 – units @ $7\frac{1}{4}$ " X $4\frac{1}{2}$ " for the top and bottom.

- For corner blocks, print 4 copies of corner block pattern and use preferred method to paper piece. Pay close attention to color placement. Make 4
- To assemble borders, use $\frac{1}{4}$ " seam allowance.
 - Side borders, use (6) $7\frac{7}{8}$ " X $4\frac{1}{2}$ " diamond blocks for each side

- Top and bottom borders, use (4) $7\frac{1}{4}$ " X $4\frac{1}{2}$ " diamond blocks for each. Then add corner blocks to ends. Refer to colored picture to check block orientation.
