Assembly of Vertical Row 1:

Keeping the direction of the ombre print the same for each row, sew together a 28 ½" Fabric A rectangle with a 6 ½" Fabric C square; then add a 14 ½" Fabric B rectangle, followed by another 6 ½" Fabric C square; then add a 14 ½" Fabric A rectangle, and complete the row by adding a 4 ½" Fabric C rectangle. Repeat to make seven Vertical Row 1's.

Assembly of Vertical Row 2:

Join two of the 3 ½" Fabric C strips together for each row. Trim to match the length of your Vertical Row 1's (should be approximately 72 ½"). Make six Vertical Row 2's.

Quilt Top Assembly:

Sew the vertical rows together, alternating Row 1 & Row 2, and turning every other Row 1 in the opposite direction. Refer to image for placement.

Inner Border:

Join the remaining seven 3 ½" Fabric C strips together. From this long strip, cut two side inner borders (approximately 72 ½" each); sew the side borders to the quilt center. Cut the top & bottom inner borders (approximately 66 ½" each); sew the top & bottom borders to the quilt center.

Outer Border:

Join the outer border in the same manner, using the 4 ½" Fabric D strips. Measure the length of the quilt top to determine the size for the side borders (approximately 78 ½"). Add the side borders, then measure the width of the quilt top to determine the size for the top & bottom borders (approximately 86 ½").

Finishing the Quilt:

Layer, quilt & bind as desired.
