Tips:

- *Make a stack of cut pieces for each row (and label the row!) before sewing any pieces together. This can help prevent an incorrect length strip from being pieced in a row.*
- *This quilt is assembled in rows. You will sew each row together, individually, and then sew the row together in pairs, continuing until you have two halves to sew together to complete the top.*
- *It can be helpful to label each Row by number on the left edge of the row until the entire top is sewn together.*
- *Place your rows on a design wall, floor or bed in order to keep them organized.*

Step 1: Gather the strips for Row 1, referring to the Quilt Assembly Diagram for fabric color and length. Sew together, pressing the seams to the left. Set aside on a floor or design wall.

Step 2: Gather the strips for Row 2, referring to the Quilt Assembly Diagram for fabric color and length. Sew together, pressing the seams to the right. Set aside on a floor or design wall.

Step 3: Continue as in Steps 1 and 2, sewing Rows 3-33 together. Press all seams in even numbered rows to the right and all odd numbered rows to the left.

Step 4: Sew the rows together in pairs, nesting the seams and pressing the seams up or open. Example: Sew Rows 1&2, 3&4, 5&6, etc. Then sew together 1/2 & 3/4, then 5/6 & 7/8. Continue in this method until you are sewing two halves together.

Your quilt top is complete! Baste, quilt, bind and enjoy!
