**LAYOUT 3**

Description: Layout 3 uses a fun diagonal setting with blocks set within the setting triangles. Layout 3 would be a wonderful introduction to diagonal set quilts. Slightly oversized setting triangles ensure that your block points stay intact!

68” x 68”
(56) Blocks Total

Block Sizes Required:
- 12” Blocks: (16)
- 8” Blocks: (4)
- 6” Blocks: (32)
- 4” Blocks: (4)

Fabric Requirements:
- **Binding:**
  - ¾ yard
- **Background Fabric:**
  - 1 yard
- **Backing:**
  - 4 ¼ yards
CUTTING INSTRUCTIONS:

Binding:
- Cut (8) 2 ½” x WOF strips.

Background Fabric:
- Cut (5) 2 ½” x WOF strips. Subcut:
  - (8) 2 ½” x 8 ½” rectangles for 8” Block Assembly.
  - (8) 2 ½” x 12 ½” rectangles for 8” Block Assembly.
- Cut (3) 7 ¼” x WOF strips. Subcut:
  - (12) 7 ¼” squares; cut each square once diagonally to create (24) HST. Label as A.
  - Use the remainder of the 3rd strip to cut (4) 5 ¼” squares; cut each square once diagonally to create (8) HST. Label as B.
  - (1) 5 ½” square; cut the square twice diagonally to create (4) QST. Label as C.

ASSEMBLY INSTRUCTIONS:

1. Sew (1) 2 ½” x 8 ½” background fabric strip onto either side of (1) 8 ½” x 8 ½” unfinished block as shown. Press seams outward toward the background fabric.

2. Sew (1) 2 ½” x 12 ½” background fabric strip onto the (2) remaining sides of the 8 ½” x 8 ½” unfinished block as shown. Press.

3. 8 ½” x 8 ½” blocks should now measure 12 ½” x 12 ½” unfinished. Repeat to create (4).

4. The quilt is assembled using a diagonal setting. Lay out blocks as shown in the diagram. (Please note: (4) 6” Blocks are placed together to create a 12” Block.) Use (2) A triangles and (1) 6” block to create setting triangles to be placed along the sides of the quilt top. Use (2) B triangles, (1) C triangle and (1) 4” block to create the corners of the quilt top.

5. Sew the quilt together using the diagrams for reference.

6. A, B and C triangles have been oversized to eliminate block points being cut off during trimming or binding process. Trim quilt top so that there is a ¼” seam allowance between the edge of the quilt top and the point of each block along the perimeter of the quilt. Quilt top should measure approximately 68 ½” x 68 ½” unfinished. (Please note: Measurement is approximate due to variances in diagonal quilt assembly.)
