Assembly

1. Create the roof for the house by placing (1) B square with a drawn diagonal line onto both corners of the A rectangle, right sides together and edges aligned. Diagrams show accurate B square placement.
2. Stitch along the drawn diagonal lines. Trim outermost excess fabric to 1/4". Press to the corner to complete the roof.

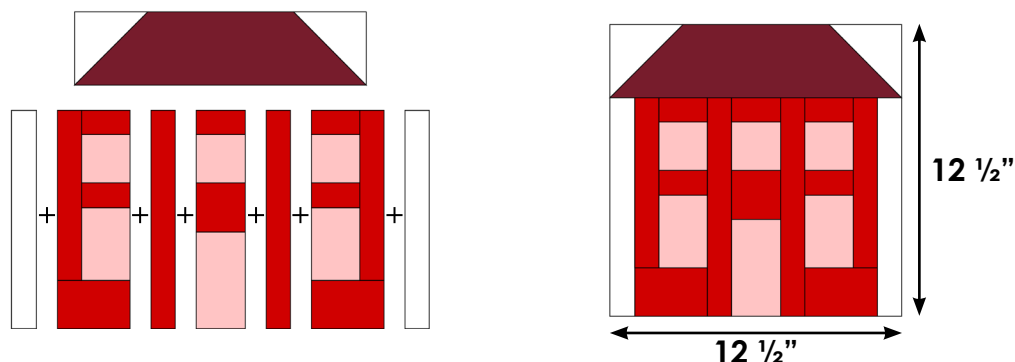

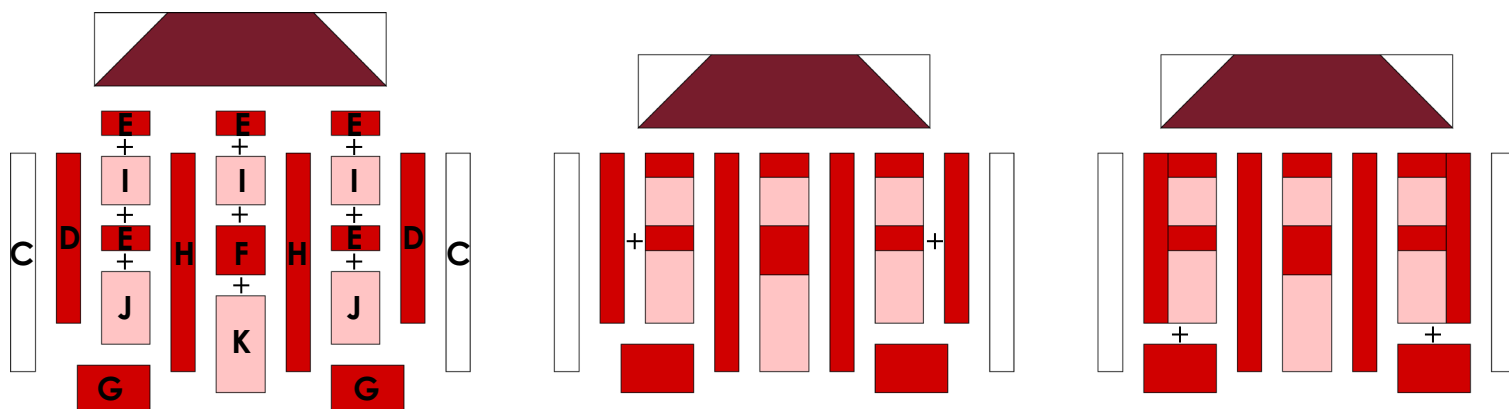

- Use the labeled diagram below to lay out the roof and remaining cut pieces C-K correctly. Follow the series of diagrams below to complete the house in stages. For all seams, press away from the windows, door, background and roof.
- Press to complete. Block should measure 12 ½" x 12 ½" unfinished.
