

STARBURST BLOCK: 8" VARIATIONS

Since this block is based on a 6-square scale, making the original block into an 8" would have yielded some "non quilty" math numbers. So instead here are 4 different border variations to choose from... I love them all and kinda want to add at least one of them into my quilt lineup. Who knows, I just might do that!

Each one is based on a 1" finished scale, so 1 1/2" cut, in order to yield our desired 8" size.

QUADRANT BORDER:

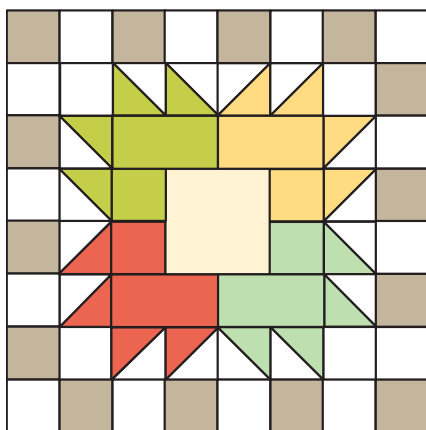

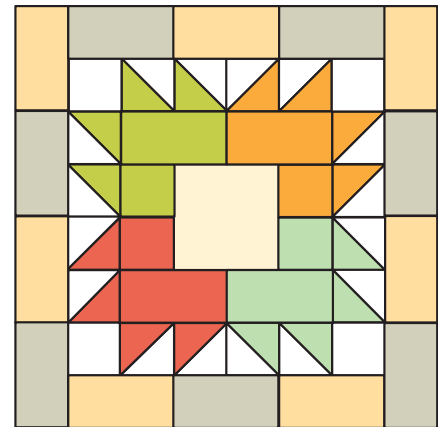

From each of the (4) prints used in the original block:

Cut (2) 1 1/2" x 3 1/2" pieces

From background color: Cut (4) 1 1/2" x 1 1/2" corners.

STRIPPY BORDER:

From each of (2) colors: Cut (7) 1 1/2" x 2 1/2" pieces.

CHECKERBOARD BORDER:

From (1) color: Cut (14) 1 1/2" x 1 1/2" squares.

From background color: Cut (14) 1 1/2" x 1 1/2" corners.

STARBURST BORDER:

From each of the (4) prints used in the original block:

Cut (3) 2" squares. Cut in 1/2 on the diagonal to yield (6) triangles.

From background color: Cut (12) 2" squares. Cut in 1/2 on the diagonal to yield (24) triangles.

Cut (4) 1 1/2" x 1 1/2" corner squares.

- Make (6) HST's of each of the (4) colors.

Trim each up to 1 1/2" square.
