**Stitching with Debbie...**

- The quilting tip I wish I'd learned when I first started is... accurate cutting is the first important thing to learn.
- My best advice to new quilters is to... enjoy what you are doing. Perfect points will come later... or maybe never.
- When it comes to quilting/sewing tools, don't get between me and my... Sewline Trio marking pencil.
- Don't tell anyone, but when I'm sewing, I don't worry about... a messy house or dinner at a certain time.
- My "rock-star stitch group" includes... my friends that are mysewing buddies too.
