Cutting Directions:

Cut a good supply of 2.5” squares from the Island Batiks. It is always nice to have a little stash of these squares.

You can make your background scrappy too with squares of light, neutral colored fabrics.

Making HSTs:

There is a little more waste with this method but it is easier to make the quilt more scrappy.

You will be using one background 2.5" square and one colored 2.5" square per HST.

This method only yields (1) half square triangle per square background/scrap colored square combination..

Draw a diagonal line through the center back of the background HST.

Notice that you are sewing ON the diagonal line.

Place squares right side together.

Sew on the diagonal line.

Trim $\frac{1}{4}$ " from diagonal line on one side.

Press to the dark.

Assemble your block:

Lay out the pieces for your block in rows according to the diagram. You will have six rows.

Press each row in alternating directions so you can nest the seams.

Sew your rows together. Press down or up.
