## Cutting Directions

**Note:** Read assembly directions before cutting patches. All measurements are cut sizes and include 1/4" seam allowances. A fat 1/8 is a 9" x 20"-22" cut of fabric. A fat 1/4 is an 18" x 20"-22" cut. WOF designates the width of fabric from selvedge to selvedge (approximately 42" wide).

**15 Blacks** From each:  
Cut (3-4) Template 2  
Cut (3-4) Template 2 Reversed  
(27 total Template 2 & 27 total Template 2 Rev.)

**15 Whites** From each:  
Cut (3-4) Template 1  
Cut (3-4) Template 1 Reversed  
(27 total Template 1 & 27 total Template 1 Rev.)

### Binding

Cut (6) strips 2 1/2" x WOF for binding

### Backing

Cut (2) panels 31" x 62", pieced to fit quilt top with overlap on all sides

## Making the Quilt

1. Make acrylic patterns of Template 1 and Template 2. Use an ice pick to punch holes at the dots. To conserve fabric, refer to the cutting diagram to cut Template 2 and Template 2 Reversed patches. Mark the dots on the wrong side of all patches.
2. Each block requires 1 of each patch. Combine the light and dark patches as you wish, or follow the quilt photograph for combinations. Sew a Template 2 fabric patch to a Template 1 patch, matching dots. Hint: Position Template 2 patch on top and pin in multiple places along the curve. Join a Template 2 Reversed patch to a Template 1 Reversed patch. Press seam allowances away from the Template 1 patches. Join the 2 halves to make a block. Make 27 blocks.
3. Referring to the Quilt Diagram, arrange 3 blocks to make each horizontal row. Arrange 9 rows, rotating the blocks as shown. Once you are satisfied with the arrangement, join the blocks into rows, and then join the rows.

## Finishing the Quilt

4. Layer the quilt with batting and backing and baste. Quilt in the ditch around block patches, or quilt an overall pattern across the quilt. Bind to finish the quilt.
