SPRING BARN QUILT

FINISHED QUILT SIZE 60" x 60"

Please read all instructions before beginning the project. Yardage calculated using a 42" width of fabric.

Please note that prewashing can shrink your fabric. Always verify after washing and drying that there is still 42" of usable width available. Shrinkage can affect the size of panel motifs and fussy cutting sizes may need to be adjusted.

GENERAL INSTRUCTIONS

Please check our website www.rileyblakedesigns.com/pattern-updates for any revisions before starting this project. This pattern requires a basic knowledge of quilting techniques and terminology. The quilt and block diagrams portrayed are virtual images. The layout and look of your project may differ when using actual fabric.

Measurements include $\frac{1}{4}$ " seam allowance. Sew with RST unless otherwise stated. Refer to the quilt layout diagram for placement of the prints. Press seams as noted in each step for best results. Dimensions listed in steps are unfinished sizes unless otherwise stated.

Always verify your panel size before beginning. If your panel measurements differ from those given in the pattern, trim to the desired size or use coping strips to alter the size of your panel. If coping strips are needed, add oversized, coordinating strips of fabric to the necessary edges of the panel, then trim to the size specified in the pattern.

WOF = Width of Fabric
RST = Right Sides Together
SNF = Stich and Flip
HST = Half Square Triangle

SEWING TECHNIQUES

General sewing techniques used in this pattern are shown below. These methods will be referenced throughout the pattern in their abbreviated form.

STITCH & FLIP METHOD (SNF)

Place (2) pieces RST, matching raw edges in the corner to be replaced. Draw a diagonal line on the wrong side of the smaller piece across the corner. Stitch on the drawn line. Trim the seam allowance above the sewn line to ¼". Flip the small piece away from the bottom piece and press, replacing the corner. The size of the larger, original piece does not change.

2-AT-A-TIME HALF-SQUARE TRIANGLE METHOD (HST)

Place (2) squares RST. Draw a diagonal line on the wrong side of the square. Stitch ¼" on each side of the drawn line. Cut on the drawn line to create (2) HSTs. Press toward the darker fabric. Trim HSTs to desired size.
