Cutting Requirements:

From your Jelly Roll:

Unroll the Jelly Roll strips and press. Using the PJR Half Hexie Template, cut:

- At least (8) segments from each Jelly Roll strip for a total of (288) half-hexies.

From the setting/border yardage, cut:

- (13) 2 ½" x WOF strips.
 - Piece (4) strips for length and set aside for the top and bottom borders.
 - From the remaining (9) strips, subcut (96) 2 ½" x 3 ½" rectangles.
- (4) 4 ½" x WOF strips.
 - Piece the strips for length and set aside for the middle sashings.
- (4) 8 ½" x WOF strips.
 - Piece the strips for length and set aside for the side borders.

From binding fabric, cut:

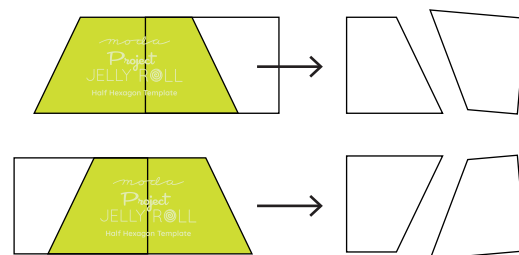

- (7) 2 ¼" x WOF strips.

Cutting the Setting Pieces:

Select (48) 2 ½" x 3 ½" rectangles. Use the PJR Hexie Template to cut the rectangles as shown - roughly in the middle is fine, as you will trim your edges later.

Cut the remaining (48) rectangles in the opposite direction.

Note: If the Setting/Border fabric is a solid, all of the cut rectangles can be the same direction. Just flip it to get the correct orientation.

Sort the Half-Hexies:

Each "hexie" is made with two matching half-hexies. To get ready for laying out the quilt top, sort the half-hexies to make (144) pairs of two matching half-hexies.

Tiddlywinks is laid out in three vertical panels, each with three half-hexies per row. Each panel is assembled in horizontal rows.

TIDDLYWINKS Quilt is 58" x 68"

Assembly:

Unless specified otherwise, all seams are a scant $\frac{1}{4}$ ".

Join (3) half-hexies as shown to make a row. Press the seams in the direction of the arrows, or press them open.

Join the rows. Press the horizontal seams in one direction, or press the seam open. Continue assembling and joining rows to complete each panel. Each panel has (32) half-hexie rows.

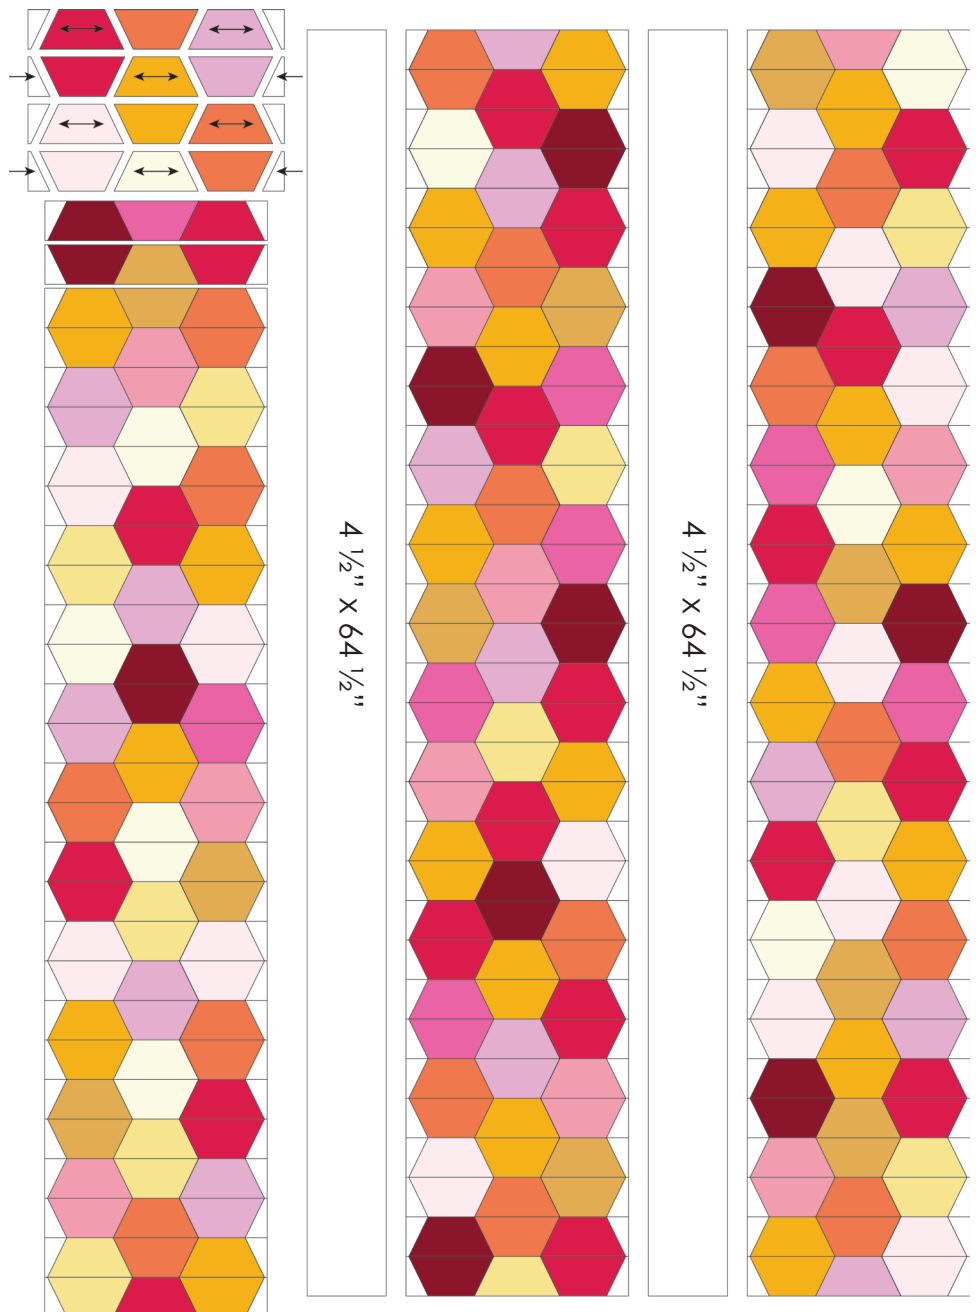

Trim the sides of each panel straight, leaving $\frac{1}{4}$ " from the point of the hexagon for your seam allowance.

Each panel should measure approx. $11 \frac{3}{4}$ " wide x $64 \frac{1}{2}$ " long.

From the pieced $4 \frac{1}{2}$ " border fabric strip, cut (2) $64 \frac{1}{2}$ " long middle sashing strips (or cut to the length of your panels).

Join the pieces as shown to make the quilt center, and press the seams to the middle sashing strips.

The quilt center should measure about $42 \frac{1}{4}$ " wide x $64 \frac{1}{2}$ " long.

Finishing:

From the pieced 8 ½" side border fabric strip, cut (2) 64 ½" long side border strips (or cut to the length of your panels). Join the side border strips to the quilt center, and press seams to the border strips.

From the pieced 2 ½" top & bottom border fabric strip, cut (2) 58 ¼" top & bottom border strips (or cut to the width of your panels). Join the top & bottom border strips to the quilt center, and press seams to the border strips.

The quilt top should measure 58 ¼" x 64 ½".

Baste, quilt, bind, and enjoy!

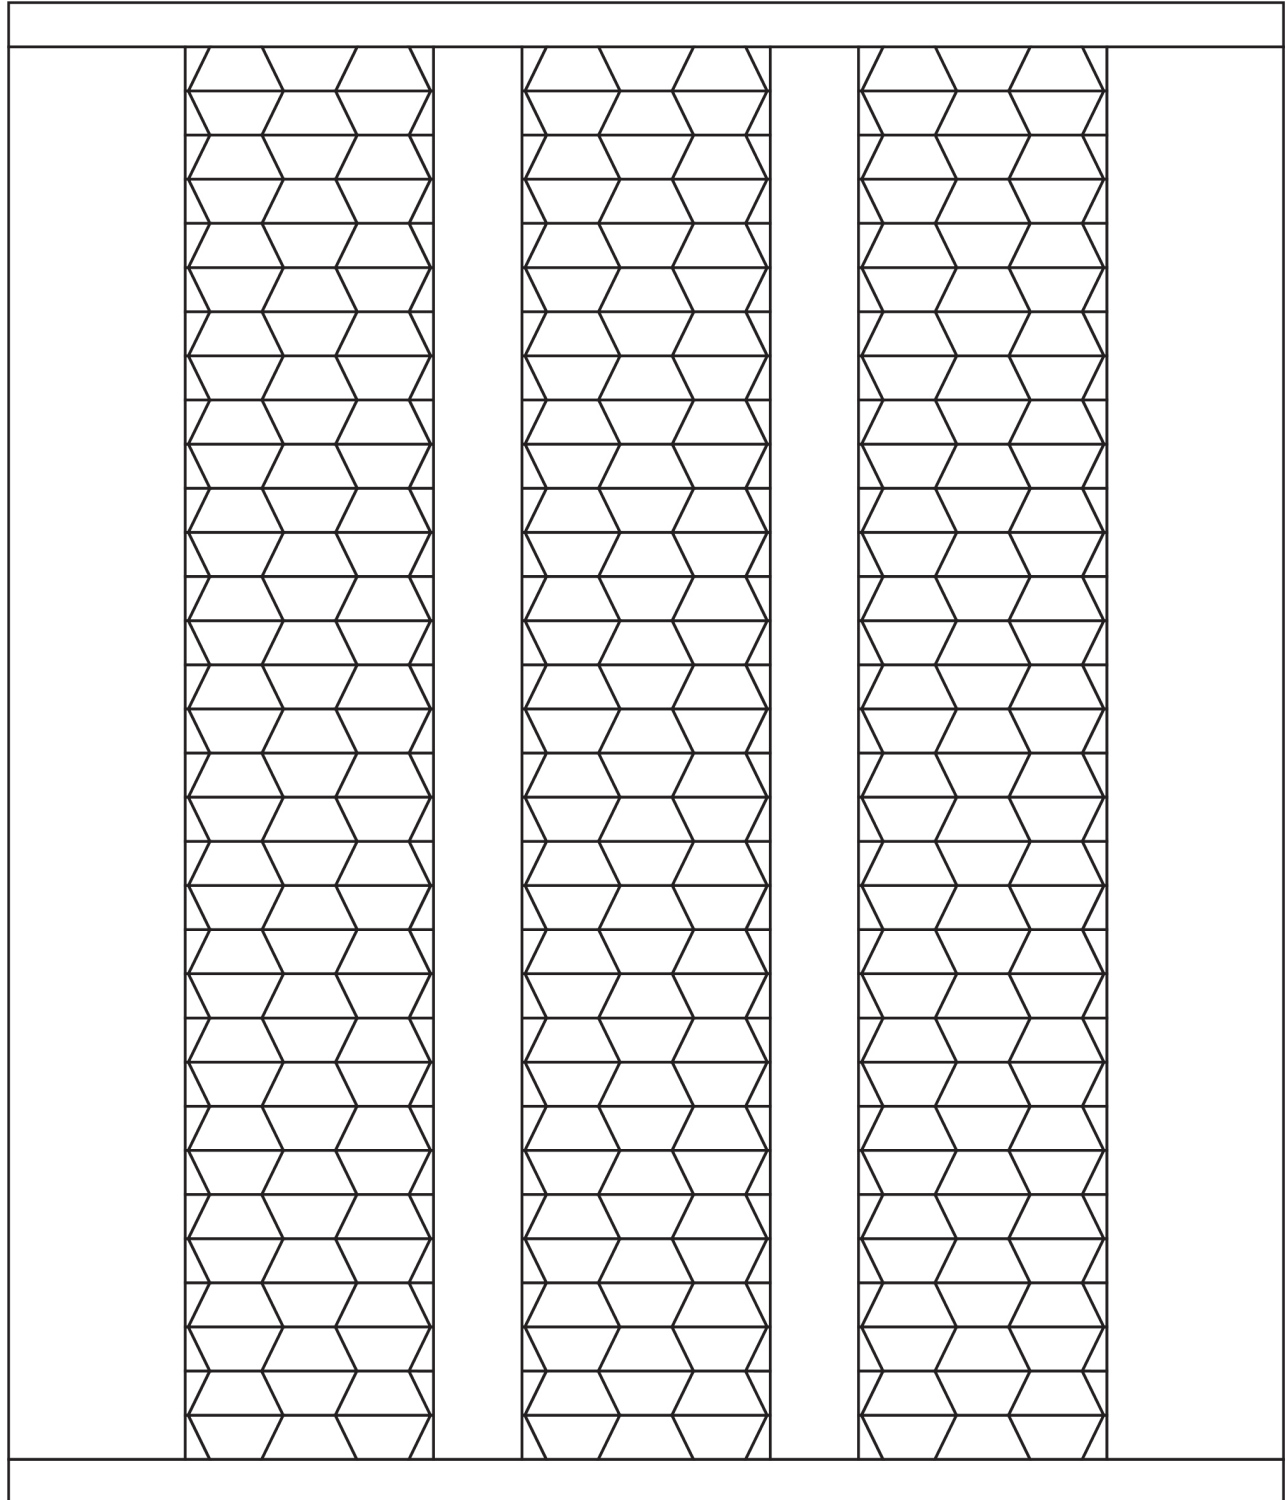

Half-Hexie Template:

If you do not have the acrylic PJR Half Hex Template, simply trace this shape onto template plastic and cut the template. Check the scale using the 1" square above prior to cutting.
